

We Need Your Help More Than Ever This Year!
2020-2021 ANNUAL FUNDRAISING GOAL: \$50,000

Dear Friends and Relatives,

November 2020

It has been a challenging year for all of us. Since the onset of the pandemic I shared that “being a good relative” is a core value that has been guiding our work and decision making at CH. Despite having to reimagine our work, this summer College Horizons successfully served 202 Indigenous students, 86 admission counselors from 56 colleges/universities and 27 high school counselors across 6 time zones in 15 online classrooms! We also offered a remote Scholars Program serving 49 college students, professors, and interns in our first-year to college summer bridge and Indigenous Research Methodology courses. It was quite a feat and accomplishment to transition to remote programs and we are incredibly grateful to all of our supporters who helped us reimagine our work so that we could reassure our students and families through these uncertain times. As we look to 2021, we will support a new cohort of 300 students remotely and we need your financial support more than ever this year. With your help we can respond to the growing needs of students and families impacted by the pandemic, economic insecurity and school closures. Our interdependence as relatives is the source of our strength – help us take care of one another.

Wishing you well, Carmen Lopez, Executive Director, Navajo Nation

GIVING LEVELS

Horizons Giving Circle is based upon the logo/design of our organization. Indigenous peoples around the world have used the Sun and Moon as a way to prepare for seasonal change and ceremonial planning. The cycle of the day is the inspiration for the color selection of the CH/GH logos.

CommUnity Giving is a recurring monthly gift that will automatically charge a credit/debit card. Sustaining support

Native Scholars Society is based on the higher education journey. College Horizons represents dawn, the beginning of the college experience. Graduate Horizons represents dusk, the next stage, the graduate/professional school experience. Many indigenous cultures have respect for various moments of the day. The Pueblo, Hopi and Navajo, for example, provide corn meal/corn pollen offerings at dawn for a new day and a good life for all. At dusk, in traditional Hawaiian culture, the people observed the end of the day to predict the next day’s/weeks weather.
